Staff utilizes pamphlets, books and posters, which describe the effects that drugs have on physical and mental health. This School provides advice and counseling, when deemed necessary, as well as to those who may request assistance. Students have access to informative materials outlining State, Federal and Local sanctions against drug use. Additionally, we provide information on counseling, treatment and rehabilitation programs available in this area.

STANDARDS OF CONDUCT POLICY & DISCIPLINARY ACTION

If caught having services without approval, the student may be asked to clock out. All products used for services must be paid for in advance. A student price list is available with applicable costs for services.
- 21) In case of illness or emergency on any class day, the student must call in to the school before the start of the scheduled class to report his/her absence for that day's class. Students are required to be in class at the scheduled time per their contract, in a clean, prescribed uniform. *See HYGEINE, DRESS AND DRAPE POLICY.
- 22) A student must clock "IN" when entering and "OUT" when leaving using their personal thumb print and paper time sheet. Failing to clock In/Out properly will result in a loss of credit for attended hours.
- 23) A student may clock in and receive full credit if arrival time is within 7 minutes of the scheduled time, otherwise they will receive a deduction of ¼ hour. If arriving after 8:37 they must attend the theory class but may not clock in until 10:00. Students must report tardiness or absence by leaving a message on the "absence extension" telephone line in order for their absence to be considered "excused." Students who are habitually tardy (4 times in one month) or have 4 absences will be counseled and if tardiness or absences continue students may be suspended or be placed on probation.

- 27) No student may leave a patron while doing a service except in an emergency and is excused by an instructor.
- 28) Students are not allowed to give services or materials, other than what is called for on the service ticket. Students violating this rule will be disciplined accordingly.

Each student is solely responsible for his/her personal belongings and materials and must have their own kit at all times to work on clients. Those without kits will be considered not prepared for class and given a violation. After receiving (3) three such violations they may be counseled and if the behavior continues, maybe suspended then terminated.
- 30) Students must not gather around the receptionist desk, congregate in the offices, or visit with another student who is busy with a patron. The receptionist must make all appointments and no changes are to be made by students, unless permission is granted.

ATTENDANCE POLICY

International School of Beauty, Inc.

Students are expected to attend classes at the scheduled starting time and to continue as scheduled throughout the day per their enrollment agreement. All absences and class attendance is regularly recorded. It is the responsibility of the student to telephone in advance to advise administrative personnel if they will be absent or late, as in the same way an employee would be expected to inform his/her employer. Students who are enrolled as full-time students are required to be in attendance a minimum of one hundred twelve hours (112) per month. Students who are enrolled as 3/4 students are required to be in attendance a minimum of eighty-four hours (84) per month. who do not meet the minimum required hours and have not requested a formal Leave of Absence (LOA) or valid documentation for absences such as a doctor's note, will be considered over their contract and may be subject to additional fees.

Upon enrollment, the student's thumb print is scanned. Students press their thumb to a device and time is recorded on a program through the SMART system. The students are also required to use the manual time clock as a backup in case the system goes down and the school still prefers the students to be able to see their clocked time as a means of reminding them of the importance of attendance and for them to also keep an accurate record of their hours recorded on a program through the SMART system. The students are also required to use the manual time clock as a backup in case the system goes down and the school still prefers the students to be able to see their clocked time as a means of reminding them of the importance of attendance and for them to also keep an accurate record of their hours.

Massage Students

Make-up hours

Students can make up missing hours on Mondays between 2:00 pm and 7:00 pm and Saturdays from 8:30am to 1:30pm which will be outside of their regular scheduled hours. Students will be under supervision by a qualified and approved instructor and expected to apply effort.

The missed hours will be tracked through individual time cards and our SMART attendance program. The make-up hours will be recorded on a separate time card which will be attached to the original time sheet with missing hours (missing hours will be documented and signed off by the instructor).

Please note students cannot exceed 20% of their total 600 hours in make -up hours.

Notice the applicants for CAMTC certification shall have attended 600 supervised hours total with 100 of those satisfying CAMTC specified subject.

SECTION FOUR: ACADEMIC POLICIES, CONTINUED

ATTENDANCE POLICY

Absence

Satisfactory attendance must be maintained. Students can be absent a maximum of 33% of program hours.(20% for Massage students) All course work missed due to absences must be made up with instructors approval. Tests may be made up on Thursdays. 4 total absences in a month is considered excessive. Excessive absences are grounds for written warnings and possible drop from program. Saturday attendance is mandatory. If a student misses 2 or more Saturdays in a month he/she is subject to disciplinary action. (Saturdays do not apply to Massage Students unless scheduled by instructor to attend make up hours)

Tardiness

Tardiness produces a disruption to a good learning environment and is discouraged. Students are to be in class at the scheduled time. 4 total tardiness in a month is considered excessive. Excessive tardiness are grounds for written warnings and possible drop from program. Any time after 8:37am. is considered tardy. If a student is tardy they are required to attend the remainder of the theory class, however, may not be allowed to clock in until 10 a.m. This loss of hours will result in the student not meeting his/her contracted course end date which will result in additional fees being charged.

Class Cuts

The only way one can gain from the time and money spent in training is to participate on a regular basis, therefore, a class cut shall be considered equal to an absence.

Leave of Absence (LOA)

A student may request a LOA by notifying the school in person, by mail, fax, or email prior to the LOA unless unforeseen circumstances prevent the student from doing so, for example, if a student were injured in a car accident and needed a few weeks to recover before returning to institution, the student would not have been able to request the LOA in advance. An institution may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the institution documents the reason for its decision and collects the request from the student at a later date. In this example, the beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident. All LOAs must be dated with start of LOA date, end date, signed by student and authorized staff member. The student will not be charged for any time during this LOA. A student granted an LOA that meets all criteria is not considered to have withdrawn, and no refund calculation is required at that time. The institution must extend the student's contract by the same number of days taken in the LOA. Changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties:

Failure to return within the time frame of the leave, or any unexcused, continued absence for 14 days, will result in the student being dropped from the program. The student's withdrawal date is the date the student began LOA. Leave length may be extended upon school evaluation of extenuating circumstances and reviewed on a case-by-case basis, however a student should not exceed 180 days of leave in any 12-month period.

Suspension/Re-admittance

Students who have had their training suspended for cause may be re-admitted to classes upon a written request and with affirmation, that the action(s), which caused the suspension, will not be repeated. Re-admittance will be determined on a case-to-case basis and is at the discretion of the school.

Maximum Time Frame

The maximum time in which a student shall be allocated to complete the course of study shall be one-and-one half the normal, scheduled prescribed class length as published in this catalog. (See the section on Curriculum) This does not apply to students who may be experiencing major personal difficulties and have applied for a Leave of Absence. Other absences will be referred to the School Director and will be considered on a case-by-case basis.

Recording Attendance Procedure

It is the policy of this school that all students shall clock in to a computerized monitoring program using their thumb. Students shall record their theory hours and practical operations on a weekly time sheet. At the end of the reporting period, each student is responsible for transferring the operations and hours to a new sheet each week. All time sheets should be FULLY completed, to include printed name, student number, dates and each day signed by the student and instructor. An instructor, on a daily basis, must initial all operations and hours. Time sheets must be handed in every two weeks on Friday or Saturday when applicable. Time sheets turned in without an instructor's signature will be considered invalid. At the time of the student's scheduled SAP a list of cumulative student hours will be available and students should check this list and compare it to their records for accuracy. Discrepancies should be reported immediately to ensure that the correct calculation of the student's average attendance meets the minimum criteria.

SECTION FOUR: ACADEMIC POLICIES, CONTINUED

ATTENDANCE POLICY

International School of Beauty, Inc.

Withdrawal/Drop Policy

If a student does not attend school for 14 consecutive days, without having made contact with the main office to request a Leave of Absence, they will be considered inactive and dropped from the course in which they are enrolled. A refund will be calculated and applied, if applicable, based upon the last day of attendance, and/or 14 days from the day they were to return from the Leave of Absence, whichever is the earliest and refunded within 45 days. A student may re-enroll. If student is receiving Federal Student Aid, a calculation will be made, based upon the Return to Title IV Policy that is reviewed with the student at the time of entrance counseling, and any required refunds will be made to appropriate U.S. Department of Education programs. Any remaining loan balance owed to the Federal Government will be the responsibility of the student to repay. Failure to repay student loans will lead to student ineligibility to receive further loans or grants and have adverse effect upon his/her Federal Income Tax Returns.

When a student wishes to withdraw:

If the student is still in attendance and wishes to withdraw he/she should clock out on the last time card, to include enrolled name, student number, his/her last day of attendance. Student should notify the office, in writing, and make sure the office has a current address. Student needs to state as to whether he/she will be picking up the paperwork in person or if it needs to be forwarded by mail. Any refunds due to the student or, in the event of Federal Student Aid, to the appropriate program, will be made within 45 days of the determined withdrawal.

If the student has not been in current attendance, all requests for withdrawal or transfer must be sent to: The INTERNATIONAL SCHOOL OF BEAUTY, INC. 72-261 Ste.121B Hwy. 111, Palm Desert, CA 92260, or you may Email or Fax your written request (containing all the requested information from above) to Btyschoolrocks@yahoo.com or (760) 340-4267 (fax) to the main office and

The office shall take no more than ten (10) days to complete withdrawal papers and ten (10) days to calculate the refund due to the student, or the balance owed by the student, if applicable. Refunds will be made within 45 days and if money is owed by student it must be paid for before a Proof of Training/Transcript will be provided as stated in the enrollment agreement.

Papers may be picked up or will be forwarded as requested.

The INTERNATIONAL SCHOOL OF BEAUTY, INC. strongly urges all students to maintain copies of all course completion, withdrawal and/or transfer paperwork. All student records will be saved on site for 5 years from last date attended.

SATISFACTORY PROGRESS POLICY

All students, regardless of the class in which enrolled or the tuition payment classification of their enrollment (i.e. Title IV participant, Private Loan, Private Pay, and State Program etc.) **will be evaluated using the criteria of the SAP** to receive an academic and attendance evaluation based upon their course hours, scheduled hours of attendance, and current theory and practical requirements. **Please note** that those students receiving Federal Student Aid and who are out of SAP compliance and have been placed on Probation, may not be eligible for Title IV funds disbursement. (Refer to #5 on Probation & Appeals) Students may progress through the phases of the curriculum at a varied pace, however, all students must satisfactorily complete the required amount of subject matter prior to being able to make pre-application for the state board examination and must complete all minimum requirements of hours and operations prior to graduation. (The exception being, when credit is allowed for previous training or experience in a specific subject area then that balance of operations and procedures must be completed prior to graduation)

SATISFACTORY ACADEMIC PROGRESS (SAP): STANDARDS: This institution expects its students to maintain Satisfactory Academic Progress (SAP) as established by this institution, the student must:

1. Maintain a cumulative academic average of “C” (70%) or better on all tests, work projects (operations) and other required course work.
2. Maintain a cumulative average attendance level of at least two-thirds (2/3) (67%) of the scheduled hours indicated on their enrollment contract. For example, a student scheduled to complete 30 hours per week would have to maintain an average weekly attendance of at least 20 hours per week ($2/3 \times 30 = 20$). Regardless of the average level of attendance, students who have more than two consecutive weeks of absences (14 calendar days) may be dismissed. This standard shall apply to all students except those on an approved Leave-of-Absence (see LOA policy). Students who expect to be absent 5 or more days up to the maximum of 180 days in a 12-month period, are encouraged to request a Leave-of-Absence. Students will re-enter school with the same SAP status as when the LOA began. In addition to attendance standards relating to Satisfactory Academic Progress (SAP), students are also required to adhere to certain other general institutional policies relating to attendance and tardiness. These policies are outlined in the “Standards of Conducts and Disciplinary Action” notice.
3. Complete the course within one and one-half (1-1/2) times the length of the course as defined in the enrollment agreement. For example, if the student has contracted to complete the course within 40 weeks, he or she must complete within 60 weeks. If this time frame is not met, the school has the right to charge the student an extra instruction charge calculated on an hourly rate established by the school. *Refer to Enrollment Contract for calculated charges pursuant to individual’s contracted course time.
4. Students must meet minimum academic and attendance requirements for at least one evaluation prior to the midpoint (50%) of the course to be considered as meeting satisfactory progress at the end of an evaluation period. A student will be considered to be making satisfactory progress until the next evaluation.

5. Warnings, Probation & Appeals:

- If the student does not meet SAP requirements by the time of their first scheduled SAP evaluation date the student will be issued an SAP Warning. Students eligible for Federal Student Aid may continue to receive such aid during this time until their next scheduled SAP or payment period.
- The institution develops an academic plan for the student that, if followed, will ensure that the student is able to meet the institutions satisfactory academic progress requirements by a specific point within the maximum time frame established for the individual student.
- If the student has not met SAP requirements by the time of the next payment period and/or scheduled SAP evaluation date, the student will be advised that if they prevail upon appeal they can be placed on Probation and, if applicable, the possible loss of their ***FINANCIAL AID unless they prevail upon appeal.***
- The student must submit an Appeal, in writing requesting that further consideration be evaluated based upon extenuating personal circumstances; such as unforeseen family, job obligations, personal health or other such matters that have interfered with the student applying satisfactory effort. The student may submit any pertinent documentation and give reasons as to what they will do different and what has changed and why they feel they will be able to maintain SAP going forward. The reasons for the appeal will be discussed with the administrative staff and instructor. Any findings will be recorded in the student’s record.

SECTION FOUR: ACADEMIC POLICIES, CONTINUED

International School of Beauty, Inc

- If the Appeal is accepted, the probation will become effective immediately and the student may continue to receive Financial Aid. The student's instructor will indicate, in writing, on the student's SAP reviewed and signed by the student area(s) needing improvement and advises the student on ways to achieve their goal(s). If, at the end of the next payment and/or evaluation period, the student fails to meet SAP then they lose their Financial Aid and become a private pay student.
- If the Appeal is denied, no further disbursements of Federal Student Aid will be granted and will be considered a private-pay student until the next payment period or SAP evaluation. Continued failure to achieve SAP may result in the possibility of suspension and/or expulsion.
- It will be the responsibility of the student, to demonstrate his/her willingness, and ability, to meet the requirements in order to be deemed as meeting Satisfactory Academic Progress and have his/her financial aid reinstated.

All applicants will have access to the SAP Policy by emailed catalog, school website or catalog on Registrars desk prior to registration. Prior to evaluations all students will be evaluated with a practical evaluation.

SECTION FOUR: ACADEMIC POLICIES, CONTINUED

International School of Beauty, Inc.

EVALUATION PERIODS: Student compliance with the Satisfactory Academic Progress is divided into evaluation periods and may be assessed at each of the following times for Cosmetology & Barbering.

- ❖ The point at which 25% of the course is scheduled to be completed:
- ❖ The point at which 50% of the course is scheduled to be completed:
- ❖ The point at which 75% of the course is scheduled to be completed:
- ❖ The point at which 100% of the course is scheduled to be completed:
- ❖ The point of actual completion or within 150% of scheduled time of contracted hrs. (Includes transfer hrs. in calculation of 150%)

Example: For the 1600 clock hour **Cosmetology** course, and 1500 clock hour **Barbering** course a student will be evaluated at the increments in which the student is scheduled to reach 25%, 50%, 75% and 100% clock hours, if applicable; at the point of which the student is scheduled to reach an additional 400 clock hours beyond scheduled completion, or at actual completion. **NOTE: Evaluation dates may be adjusted due to schedule changes and Leave of Absences. Evaluation periods for the Instructor Training , Esthetics, Manicuring/Nail Care, Massage Therapy, Cosmetology Crossover, Barber Crossover Courses:** the evaluations will be performed as follows: The point at which 50% of the course is scheduled to be completed: The point at which 100% of the course is scheduled to be completed.

Example: For the 600 clock hour Esthetics Course or Massage Therapy, a student will be evaluated at the increments at which the student is scheduled to reach 300 and 600 clock hours.

Example: For the 400 clock hour Manicuring/Nail Care course a student will be evaluated at the increments at which the student is scheduled to reach 200 and 400 clock hours.

Special Note: The scheduled course percentage, to be completed, is defined according to the terms of the enrollment agreement. Example: A student enrolled at 100 hours per month would be scheduled to complete a 600 hour course in 6 months, a 400 hour course in 4 months and a 1600 hour course in 16 months, allowing no absences. For example a student enrolled in a 40 week, 1600 clock hour program would be evaluated for SAP after the 10th week; the 20th week; the 30th week and the 40th week. These dates would correspond to the point at which the student was scheduled to have completed 400, 800, 1200, and 1600 clock hours. In the event a student reaches his/her scheduled graduation date and has hours remaining to complete, the student will receive additional evaluations; whether at the time the student is scheduled to reach each additional 400 clock hours, or at the time of actual completion of the remaining hours, whichever occurs first.

It is our policy to evaluate students at regular intervals throughout the duration of the course of study. All students receive a practical evaluation after their Freshman period and prior to taking clients with the exception of Massage students who are required to successfully complete Phase 1 / 50 hours – in order to continue with the remaining portions of the program. The instructors and administration believe that student's progress to maintain higher standards of excellence are most successful when they are held accountable and can visually see and verbally receive positive reinforcement and constructive criticism for area's needing improvement.

SECTION FOUR: ACADEMIC POLICIES, CONTINUED

International School of Beauty, Inc.

Grading:

- Students will be tested and receive a letter grade after the completion of each theory course
- In most instances, tests will be graded during class, immediately after the completion of the test, and after recording the results on student's individual grade sheet, the test will be returned to student.
- Students will be tested on their Basic Practical Operations at the end of the freshmen class hours and upon evaluation by the Freshmen Class Instructor and will be approved to graduate to work on the clinic floor. Completion of Phase 1 allows Massage Therapists to move on to the remaining phases of the program. All massage modalities are graded based on evaluations.
- Cosmetology & Barbering Students will be assessed at 25%, 50%, 75% and 100% and Esthetics, Massage Therapy & Manicuring/Nail Care, Barber Crossover, Cosmetology Crossover, Instructor Training will be assessed at 50% and 100% of their class attendance (depending upon class clock hours) and receive a grade as outlined in the S.A.P.
- Students will receive a copy of their progress report upon the completion of each evaluation period.
- Overall Grades are determined on the basis of the student's attitude and his/her ability to perform elements of the course curriculum. Approximately 25 percent of the grade will be based upon written tests, 50 percent, upon attendance and the remaining 25 percent is based upon practical performance skills.

Letter Grades are determined as follows:

90% to 100%	"A" Excellent
80% to 89%	"B" Good
70% to 79%	"C" Average
60% to 69%	"D" Needs to Retake Test

Students need to retake all tests with a score below 70%.

Students must maintain a "C" average for successful progression and graduation. Students who meet the minimum requirements for attendance and academic progress shall be considered to be making SATISFACTORY PROGRESS until the next scheduled evaluation. Students who do not meet such requirements shall be deemed to be either (1) *Under Warning* (2) *Not Making Satisfactory Progress/On Probation*.

CAREER ADVISING AND PERSONAL ATTENTION:

Students are counseled individually, as often as necessary; at least every ten to thirteen weeks, to review the student's progress and adjustment. Students may request additional counseling sessions at any time. Successful salon owners, spa owners and stylists are scheduled into the school regularly to give demonstrations and discuss career goals, etc. with the students. Students are given as much personal attention and assistance as requested at every stage of training from the first day of enrollment to the day of graduation. Particular attention is always given to the preparation for the Board of Barbering & Cosmetology Examination as well as preparation for the MBLEx testing.

PROFESSIONAL COUNSELING

The School does not maintain professional counselors at the school on a regular basis, nor do we recommend students to seek professional help off campus, however, students who may inquire about professional counseling services will be provided a list of public organizations, religious organizations and governmental agencies where the student may receive additional assistance. Regular school staff is not licensed or trained as professional therapeutic counselors and cannot provide professional on-going or long-term counseling for those students needing that type of help, however, the staff is always willing to listen to a student at any time and provide available information. Any student requesting medical assistance for situations other than the immediate need for first aid or a life-threatening situation will be given a list of public clinics and hospitals in the immediate proximity of the School campus. This list is not to be construed as a recommendation by the School, but rather as a free service provided as a courtesy by the School to its students.

Students who do not meet the calculated scheduled date of completion may be assessed an extra tuition charge of \$10 to \$12 per hour over the scheduled hours of attendance needed to complete the course requirements.

REFUND POLICY OUTLINE: The REFUND POLICY can also be found within the Enrollment Agreement. *All Enrolled Students* will receive a copy of the STUDENT RIGHTS and the NOTICE OF CANCELLATION and REFUND POLICY, for their personal records as a part of the enrollment procedure

Any monies due the student shall be calculated on a pro-rata basis and refunded within 45 days of an OFFICIAL CANCELLATION or WITHDRAWAL. An official cancellation or withdrawal will be determined by the postmark or written notification, or the dates said information is delivered to the school administration office in person.

1. THE FOLLOWING INSTANCES CONSTITUTE AN OFFICIAL CANCELLATION OR WITHDRAWAL:

- a. A student (or in the case of a student under the legal age, his or her parent or guardian) cancels his/her contract and demands his/her money back in writing, at any point from the signing of the enrollment agreement or contract through attendance of the first day of the class start shall be entitled to a refund of all monies collected by the school, or;
 - b. A student cancels his/her contract, in writing, up to the seventh (7th) day from the first day of class attendance but prior to the eighth (8th) day after the start of class then he or she shall be entitled to a refund of all monies paid to the school less the non-refundable application fee of \$75 and the cost of books and kit, if already received by the student or;
 - c. If a student withdraws after attending classes past the seventh (7th) day, the refund will be calculated based upon the number of hours of instruction completed or scheduled to have been completed up to the point of the date of the official cancellation or withdrawal notification, less the registration fee, the cost of the equipment/books and the STRF fee, if originally eligible, charged and paid to the State. Once the student receives and signs for his/her books and equipment kit those items are deemed “non-refundable”.
 - d. A student who is on an approved LEAVE OF ABSENCE notifies the school that he/she will not be returning. The date of withdrawal shall be the last date attended; or
 - e. A student is expelled from the school. In the case the student is not accepted for enrollment then all monies paid will be refunded (less registration/application fees if applicable)
2. Any monies due to a student who unofficially withdraws from the institution shall be refunded within 30 days of determination. To determine unofficial withdrawals, the school monitors student attendance at a minimum of once a month (every 14 days). A student who has not been in contact with the school, verbally or in writing, for a period of 14 days, and has not requested to be granted a Leave of Absence will be determined as to have UNOFFICIALLY Withdrawn and will be dropped, as of the 14th day, from the course and any money due shall be refunded.
3. In the event of the cancellation of a course or school closure subsequent to a student’s enrollment, the institution will offer a Cancellation Policy whereby it will have the option to: a) Provide a full refund of all monies paid; or b) Provide completion of the course. If no teach-out plan is in place student shall receive a pro rata tuition refund.
4. The school reserves the right to grant a refund in excess of the minimum refund due per this Policy outlined solely based upon mitigating circumstances that may have arisen and caused the student undue hardship. Each situation will be handled on an individual basis and upon the approval of the school owner.
5. NOTE TO STUDENTS RECEIVING FEDERAL STUDENT AID: The portion of your tuition paid, or eligible for payment from Federal Funds is subject to refund based upon the terms of the Return of Title IV Funds Policy. Upon enrollment, those students who are participating in the Title IV program will be advised of the policy during their entrance counseling interview. The student is responsible for repaying any borrowed loan funds to the lending institution(s), plus any interest due, less the amount of any refund, and that, outlined in your signed loan documents executed with said programs or agencies. Defaulting on a loan may result in the government garnishment of income tax refund and may not be eligible for any other government financial assistance at another institution until the loan is repaid.

REFUND CALCULATION GUIDELINES

The refund policy for students who have completed 60 percent or less of the period of attendance shall be a pro rata refund. ie for students who enroll, begin classes, and withdraw any time after the 7-day period, refunds will be calculated on a pro-rata based upon the percentage of the number of course hours *scheduled to be completed at the time of withdrawal* to the total length of the course less the registration fee and equipment/book kit cost.

HYPOTHETICAL EXAMPLE: Cosmetology course 1600/hrs in length. Student was scheduled to attend 600 hrs. by the date of the withdrawal, which equals to 38% that is due the school. (38%) is then multiplied by the tuition (\$16,000) equaling \$6,080 plus registration fee (\$75) Kit (1,512 includes tax) STRF fee \$8.00) equals \$7,675 total due the school **Note:** If the student had paid for the course in full then the school would owe the student the difference between total paid and total due school. If the student had not yet paid the school the total due of \$7675 then the student would owe the school that amount before the school would be obligated to provide the student with a Proof of Training of the hours completed.

UNLESS A WRITTEN ARRANGEMENT HAS BEEN MADE WITH THE STUDENT AND THE SCHOOL, ALL TUITION DUE TO THE SCHOOL MUST BE PAID PRIOR TO GRADUATION OR WITHDRAWAL IN ORDER FOR THE STUDENT TO RECEIVE EITHER A DIPLOMA, TRANSCRIPT OR PROOF OF TRAINING DOCUMENT.

Mr. Holbert has served as legislature bill drafter with the Nevada State Legislature and has operated a private law practice specializing in Mortgage banking and real estate recovery and ancillary legal proceedings. He is a member of the Vietnam Helicopter Pilots Association and the Nevada and California Trial Lawyers Association. He has become interested in promoting the advancement of quality education in the field of Cosmetology as a result of his association and subsequent marriage to Mirela Marinescu, a well-known Skin Care Specialist in the desert. He brings his organizational skills, warm and friendly personality, as well as his knowledge of California law and the necessity to operate each school in total and complete compliance with all the State regulations so that each and every student is offered the opportunity to receive a quality education in the vocational field within the beauty industry. He has observed the expanding growth and has recognized the need for schools to provide the Coachella Valley with graduates who are “salon ready” professionals.

INSTRUCTOR – CO-OWNER, CORP. VICE PRESIDENT, DIRECTOR

Mirela Marinescu-Holbert brings the dream and inspiration to this school. Without her vision and dedication to her profession coupled with the support of her husband, Ronald Holbert, these schools would not be a reality. Having emigrated here from Romania, only sixteen years ago, speaking little English and with two small children, Mirela is the living proof of the American Dream. She received her training in Bucharest, lived and worked in Paris, and came here to begin working as a cosmetologist. Soon, she opened her own, one person skin care business; a business that has now grown to three full-service skin care salons with a staff of ten Estheticians, a personal line of skin care products and famous signature facial. Also, as a trainer for CA Botana, an international skin care product manufacturer, she travels around the state, and recently in Asia, giving seminars and training sessions on all phases of skin care. It is from these travels and in offering monthly continuing education classes in advanced skin care, which are filled to capacity with students and professionals alike, that she began to see the need for a new specialized school. A school that provides the students with advanced education beyond teaching the skills to pass the State Board examination, which is clearly not enough to prepare the students to become total professionals who can secure stable and prosperous employment. It is truly her vision and dream that has been developed into this exclusive beauty school. Since the school opened in 2002 Mirela has received her Barber License and has received her Diploma from CIDESCO, an extremely prestigious international certification in Advanced Skin Care. She also has launched Strands Hair Color. A new and exciting color line that has been in development for almost 10 years. She is also a Certified Haircolorist granted by ABCH. (American Board of Certified Haircolorists) Mirela is also a certified Massage Therapist. Mirela is, indeed, an inspiration to students and staff alike.
